Providing Quality and Design
to the Multi-Family Community

Thoughtfully designed kitchen and bath faucets, showerheads, accessories and more for residential and commercial applications.

People

- Our experienced factory-direct sales team helps you identify solutions for meeting your portfolio requirements and goals.
- Our experts know how to navigate code and compliance challenges.
- Reach our industry-leading customer support team at 1-877-MOEN-PRO or refer to our online training at pro.moen.com/moen101.

Performance

- Our product breadth and depth of style meet the needs of all the properties in your portfolio.
- We thoughtfully design innovations like Power Clean™ and Immersion® to save water without sacrificing user experience.
- We create features for faster install, such as M•PACT®, Duralock® and QuickMount™, so Moen® products take 10 minutes less on average to install than competitors’.*
- You can depend on our durability and reliability since Moen faucets require 35 percent fewer cartridge replacements than other brands.*
- Our products are backed by our 10-year multi-family warranty, outstanding customer service and online training resources.
- Our best-selling Posi-Temp® pressure-balancing shower helps maintain consistent water temperature.
- Technology like our innovative Reflex® pulldown system offers extra work space and self-retracting features.

Partnership

- We work with you to unlock the benefits of standardization.
- We provide competitive pricing and rebate opportunities.
- You can always count on our standard-setting warranties and customer service.

The Pro-Fit system eliminates set screws for faster, more durable mounting. There's even a template with a built-in level.

DRILL IT!
The innovative template has a built-in level for accurate drilling of pilot holes for both 18" and 24" towel bars or paper holders.

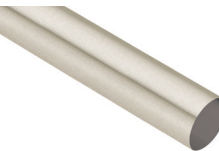

SCREW IT!
Single-screw mounting system uses a pre-attached hollow wall anchor for a fast, solid installation.

CLICK IT!
Locking tab clicks to hold the post firmly in place and eliminates the need for a set screw.
