

Built to last. Built to perform.
Manufactured in the U.S.A.

A Moen Incorporated Brand

CFG gives you the confidence of working with a solid business partner.

Both the Buy American Act (BAA) and Section 1605 of the American Recovery and Reinvestment Act (ARRA) help ensure goods manufactured in the United States are given preference under certain government contracts. When you purchase goods that are BAA or ARRA compliant, you help protect American jobs.

Visit our web site at www.cfgonline.com

CFG offers products that meet the current requirements of Section 1605 of the American Recovery and Reinvestment Act, as well as the Buy American Act.

A Moen Incorporated Brand

At CFG, we're proud to play a role in spurring economic growth in our country. We manufacture products in our New Bern, North Carolina manufacturing facility. These products comply with the current requirements for the ARRA and BAA.

- Hundreds of our products are manufactured in the United States such that they are compliant with the Buy American Act and American Recovery and Reinvestment Act regulations.

- All CFG bathroom faucets feature a flow-optimized aerator that uses up to 32% less water without sacrificing performance, making each one certified to meet WaterSense® criteria.

- Each faucet delivers real value with CFG's unparalleled combination of design, quality manufacturing and service.

- All CFG faucets are ADA compliant.

- Backed by a 10-year warranty on Baystone™ Cornerstone® and Capstone® products.

From kitchen to bath... you'll find hundreds of compliant faucet choices. For a complete list of available products, contact your local CFG Representative.
